## **LIFETIME LIMITED WARRANTY** **STORM PRODUCTS & STEEL ENTRY DOORS**

Seaway Manufacturing Corporation will repair or exchange, at its option, any defect in material or workmanship, under normal use and service, from the date of installation by a Seaway authorized dealer. This warranty applies only if the product is used and operated normally and is subject to the following:

### ***STORM WINDOWS AND STORM DOORS***

All products with a baked enamel, painted finish are warranted for a lifetime not to chip, flake, blister or peel. All hardware such as corner keys, anti-bow pins, slide bolts, closures and handles are warranted for a period of one year from the date of installation.

### ***STEEL ENTRY DOORS:***

All steel doors are warranted not to shrink, warp or delaminate for a period of 25 years from the date of installation. All doors with a painted finish are warranted not to chip, flake, blister or peel for a period of 20 years from the date of installation. All wood frames, hinges, locks, handles, thresholds, weather-strips and decorative moldings are warranted for a period of one year from date of installation. There is no warranty on decorative glass or glass plants for damage due to heat build-up if a storm door is installed over the steel door. All insulated glass is warranted to be free of material obstruction of vision resulting from film formation or dust collection between the interior glass surfaces due to seal failure for a period of ten years. Should the seal fail, Seaway Manufacturing Corporation will provide a new piece of insulated glass to the home owner. Small bubbles, lines and slight imperfections are common in hand-crafted decorative glass. They are not considered defects, and such glass will be exchanged **ONLY** at the option of Seaway Manufacturing Corporation.

### ***CONDENSATION:***

Condensation of water on either the glass or the frame of any Seaway Manufacturing Corporation product is caused by the natural presence of humidity in the house or building and the temperature differential between inside and outside. Because of the wide variations possible, Seaway Manufacturing Corporation is not able to give any warranty regarding condensation, or the existence of mildew caused by condensation.

### ***GENERAL WARRANTY PROVISIONS:***

This limited warranty does not include broken glass, torn screening, scratches, negligence, abuse, or improper installation. It also does not include damage caused by vandalism, fire, lightning, windstorms, earthquake, windborne objects, pollutants in the atmosphere, acts of God, or any cause beyond the control of Seaway Manufacturing Corporation. Normal weathering may cause any surface to oxidize, chalk, fade, or accumulate dirt or stain due to varying exposure to sunlight, weather, and atmospheric conditions over which Seaway has no control. Normal weathering is not covered under this warranty.

This warranty is limited only to the replacement of any defective part or parts, and covers the cost of material only. Seaway Manufacturing Corporation will **NOT** pay for any labor cost to repair, remove or reinstall any product or any part of any product. Because this warranty was created to cover individual property owners(s) for the Original Property Owner's lifetime (human beings), this warranty, understandably, does not apply to products installed in property owned in whole or in part by corporations, governmental entities or agencies, religious organizations, trusts, condominiums or cooperative housing arrangements, intangible legal entities, or any other entity or organization capable of an infinite life. For such entities, the lifetime portion of the warranty is assumed to be 25 years.

THIS WARRANTY GIVES YOU SPECIFIC RIGHTS, AND YOU MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM STATE TO STATE. SOME STATES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES SO THE ABOVE LIMITATIONS MAY NOT APPLY TO YOU.
